

Albigen Papers

Review by Bart Marshall (Raleigh, NC USA) Richard Rose is an awakened teacher who has spent his life tirelessly pointing the way for others to awaken--and it has worked. Rose's plain-spoken, common sense approach to self-discovery laid the groundwork for several of his students--so far--to make the whole trip, as Rose puts it. Rose, by his own admission is not a polished writer or speaker--Im a discoverer, not an orator, he has said on occasion--but The Albigen Papers is an excellent introduction to his teachings, and for the insightful student, it will provide a wealth of new and original ideas on the ways and means of Awakening.
