

The God Who Gave Us Science: How scientific discoveries guide us to faith (Finding Rest) (Volume 1)

In a society where there is so much angst between science and faith, here is a book that emphatically settles the issue. Drawing on sources from science and history, the author presents a well researched defence of Biblical faith that is incredibly difficult to counter. For pre-believers and believers alike, The God Who Gave Us Science provides the solid ground on which Christians can stand to refute the modern challenges against Biblical integrity. Read The God Who Gave Us Science to be confident, and secure in your faith. It equips believers and shakes the very foundations of unbelief.
