

# Antarctic Journal

There are three reasons why an adventurer to the Antarctic would want to keep an Antarctic journal. First, you can keep a detailed record of your experiences so that they are never forgotten. Second, you can use your journal to sketch or place photos of things that you have seen. Third, and the final reason to keep an Antarctic journal is because it has long been a travelers tradition. Keeping an Antarctic journal can help to enhance your experiences and preserve your cherished memories.
