

The Restaurant Guy

America is obsessed with food and restaurants. The Restaurant Guy delivers the lowdown on what it takes to run a successful business sandwiched between engaging anecdotes that run from Tony Bennett to Zelda the performing horse. Noel Stein began his fifty-year career in Brooklyn's Garfield cafeteria, worked his way up to Hugh Hefner's Playboy Clubs, Tony Romas rib joints and the trendy Bice Ristorante in New York. He gives readers entertaining and educational insights into the restaurant world, with tips and tales for restaurant-goers and budding restaurateurs alike.
