

Fixing & Flipping Houses: A Step-by-Step Guide for Real Estate Investors (Fix and Flip)

This book contains step-by-step guidelines on how to fix and flip houses. Steps include a discovery of the past, present and future of flipping, along with detailed information on how to find the right house to flip, how to evaluate repairs and cost and ultimately how to sell the property. What makes this book special is that it does not shortchange you on the information available in flipping houses, instead it gives you a birds eye view of the business both pros and cons. While some other books paint a bright and ideal picture of the business, this book also informs you about the dangers, risks and pitfalls in flipping houses. However, it does not end there, this book will also provide you with tips and tricks on how to avoid these dangers and minimize the risks. A Dos and Dons list of experienced flippers is included in the book. If you are ready to be part of the real estate market and take your share of the profits gained from flipping real estate, then this book is for you. If you have fears of the complexities of the real estate business then this book will help you overcome these through the straightforward and practical information written in this book. If you are interested in this book, just to get profit or to fulfill your passion of fixing and renovating houses, then this book will satisfy your curiosity.
