

The Bailey Game

Even if she doesn't believe in the ghost of Michael Bailey, Alex Lewis is still haunted by the memory of the terrifying incident that took place two years ago, and by the fact that she too played the vicious game which led to it - the Bailey Game. And all it takes for the game to start again is the arrival of a new girl, Lauren Price, who doesn't quite fit in with the rest of the class. Alex is suddenly confronted with some difficult decisions, but ultimately her friendship with Lauren and her memory of the unstoppable Bailey Game demand that this time she opts out of the game and faces the perils of being on the outside ...A very exciting and disturbing tale which will hold the readers interest right to the end. I highly recommend The Bailey Game - Michele Elliot, Kidscape.
