

## Michael Hanson and The Desolate Woods (The Powers of Ezron) (Volume 1)

Michael Hanson thinks he's an ordinary kid until he wakes up floating above his bed, seeing through walls and speaking with immortals, that no one knew existed! Michael's about to discover an ancient and powerful secret, that's been hidden since the beginning of time. A secret that is more powerful and legendary than immortals themselves. And in the wrong hands, destruction will be imminent. As Michael uncovers the truth, he will not only discover new friendships and magical creatures, but also, a thrilling destiny, intertwined with betrayal and chaos that could lead to his end. But he must try or the world and its people, will cease to exist.

By turns comical and intense, Michael Hanson and the Desolate Woods reads like a Harry Potter story written by Jules Verne, with a sprinkling of Tolkien for extra spice!
