

Fiberglass Boat Repairs Illustrated

Step-by-step color photo guidance for repairing and renewing fiberglass boats. If you don't have the experience of working with fiberglass, any repairs to your boat must be done by high-cost professionals or left undone. This entry-level guide uses full-color, step-by-step photo sequences and line drawings to present you with the basics in an easily digested form. You will learn how to: Save money and time doing your own fiberglass repairs. Improve the value, appearance, and safety of your boat. Work with materials such as polyester, epoxy, fiberglass, carbon fiber, and core materials. Fix annoying leaks; repair cracks; restore gelcoat; fabricate new components.
