

## Shine On Swansea City: 2011/12 A Season in the Sun

A sensational account of Swansea City's 2011/12 season in the Premier League covering 12 months in the life of a Welsh football club that in 2002 was just 40 minutes away from extinction and expulsion from the football league. Taking up the story where he left off at the end of *Walking on Sunshine*, Keith Haynes gives a vivid and passionate account of Swansea City's first foray into the Premier League. Playing with the top teams in England was never going to be easy, but under the expert guidance of manager Brendan Rodgers, the boys from the valleys have shown they are more than capable of holding their own.
