

Setting the Record Straight: Joseph Smith: The Mormon Prophet

Joseph Smith, the Mormon Prophet provides a refreshing way to learn of the life and teachings of the founder of the Church of Jesus Christ of Latter-day Saints. The question-and-answer approach of this book presents quick access to biographical information and important gospel truths. Author Susan Easton Black, a professor of Church History and Doctrine at Brigham Young University, tells of Joseph Smith being the choice seer whom the Lord raised up to bring forth the word of God. She writes of revelations, translations, covenants, and eternal truths being the continuum of his life's labor. Joseph Smith, she declares, held the keys of this Last Dispensation, and will forever hold them, both in time and eternity.
