

Salva tu mente, Mantenla libre (Spanish Edition)

Desde el homo sapiens hasta nuestros días, el humano ha vivido siempre acotado por formas sociales del lugar y tiempo donde le toco existir, algunas basicas e indispensables, pero la gran mayoría de estas formas solo han servido para coartar su libertad fisica, y en muchos casos su libertad intelectual (fanatismo); quiza podamos justificar y entender la obligatoriedad de lo fisico, pero es injustificable y muy triste quien ha caido en la subordinacion intelectual. A traves de este libro, se definen objetivamente, algunos de los conceptos que interfieren comunmente en la vida de todo humano, y que han mostrado a traves de los milenios, ser elementos que afectan la capacidad de vivir libres emocionalmente. Si logramos esta libertad intelectual y emocional, mas facilmente podremos elegir en donde y como vivir, y si no hubiera posibilidad de movernos, entonces al menos nos permite blindarnos para poder hacer la vida mas llevadera.
