

The Candyland Gauntlet

Irreverent and honest, sometimes painfully so, *The Candyland Gauntlet* is an amusing, reflective, and odd book of weird perspectives and half-true stories about family, work, and life. It's the perfect dark comedy bathroom book! For example, readers can peruse a theory on how humans came to enjoy eating lobster, ponder a reflection on the trouble with passwords, or accept advice on the proper order in which to put on socks and shoes. There's even a realistic look at what might happen if dinosaurs still existed and were used in a Las Vegas magic act! Looking for even weirder content, like a story about using time travel for all the wrong reasons? It's in there. How about a treatise on what might happen when the Meek inherit the Earth? It's also there. Need to read a graphic tale about pooping while pooping? It's definitely in there! With *The Candyland Gauntlet*, C.L. Jackson hopes to amuse you and make you laugh while you contemplate family, work, and life from a little slightly different point of view. Enjoy!
