

The Zen Teaching of Homeless Kodo

Abandon your treasured delusions and hit the road with one of the most important Zen masters of twentieth-century Japan. Eschewing the entrapments of vanity, power, and money, Homeless Kodo Sawaki Roshi refused to accept a permanent position as a temple abbot, despite repeated offers. Instead, he lived a traveling, homeless life, going from temple to temple, student to student, teaching and instructing and never allowing himself to stray from his chosen path. He is responsible for making Soto Zen available to the common people outside of monasteries. His teachings are short, sharp, and powerful. Always clear, often funny, and sometimes uncomfortably close to home, they jolt us into awakening. Kosho Uchiyama expands and explains his teachers wisdom with his commentary. Trained in Western philosophy, he draws parallels between Zen teachings and the Bible, Descartes, and Pascal. Shohaku Okumura has also added his own commentary, grounding his teachers power and sagacity for the contemporary, Western practitioner. Experience the timeless, practical wisdom of three generations of Zen masters.
