

Mastering Triangle Chokes: Ground Marshal Submission Grappling

In *Mastering Triangle Chokes*, Neil Melanson takes you deep into the grappling rabbit hole and teaches you how to apply the devastating triangle choke submission in virtually any scenario from your guard. Unlike other grappling instructional manuals, *Mastering Triangle Chokes* is not a random compilation of techniques. It is a detailed system that teaches you how to capitalize on your opponents body position and direction of movement. It gives you a chess-like strategy for anticipating your opponents counters, allowing you to remain two steps ahead and shut down all possible escape routes. With more than 2,000 color photos and descriptive narrative, *Mastering Triangle Chokes* is the most complete tome ever written on the art of the triangle choke.
