

Ibn Al-Arabis Fusus Al-Hikam: An Annotated Translation of The Bezels of Wisdom (Routledge Sufi Series)

Ibn al-Arabis Fusus al-Hikam is a translation of one of the most important works written on Islamic Mysticism. Muhyi al-Din Ibn al-Arabi (1165-1240) is deemed the greatest mystic of Islam and his mystical philosophy has attracted the attention of both Muslims and non-Muslims from his time to the present day. Believing that the world is the self-manifestation of God, he claimed that all religions are equal and that the perfect human being is he who knows all the religious phenomena in the world. Fusus al-hikam examines the singular characteristics of twenty seven prophets of Islam and constitutes the best summary of Ibn al-Arabis thought. The translation of these twenty seven chapters is preceded by an introduction that explains the main ideas of Ibn al-Arabi and is accompanied by explanatory notes to the text. Providing an easily accessible translation of one of the greatest mystics of Islam, Ibn al Arabi Fusus al-Hikam is essential reading for students, scholars and researchers of Islamic Philosophy, Mysticism and Islamic Mysticism in particular.
