

## SEAbbatials: How to Pursue Paradise Before you Retire

Do you love the ocean, exotic cultures, and discovering remote destinations that are untouched? Have you established a career or business but find yourself stuck in a rut, feel bored, or burnt-out? Do you find the demands of work preventing you spending quality time with friends and loved ones? Then you should consider a SEAbbatial. Take some planned time out to smell the roses and have an epic adventure on the sea that will transform your life, relationships and bring new vigour to your business and career, before you retire. Traditional sabbatical leave by its very nature is designed to be thought-provoking and progressive. However a SEAbbatial takes this to a whole new level by taking you to the most remote locations that are virtually impossible to get to without a boat and takes you out of your comfort zone over the sea to prove just what you are capable of. Marine industry expert Brent Vaughan investigates how many of his customers have escaped the daily grind of well established businesses and careers, to explore the world on their own SEAbbatial. He extracts a logical 5 step formula that anyone with the means can apply to make a SEAbbatial a reality, regardless of experience level. For the first time there is a book that walks you through the essential stages of this incredible experience, from Planning your adventure, Purchasing the right boat, Profiting to help fund the boat, Preparing for the journey, and Prospering on return. Get more from your time on this earth and explore how a SEAbbatial might be the adventure you need.
