

Power and Policy: Lessons for Leaders in Government and Business

A qualified expert provides leaders in government and business a much-needed primer for accomplishing their most vital task: transforming a purpose into policy through the appropriate acquisition and use of power. Cites examples and case studies from current affairs, modern business, and recent history Explains how and why some corporate leaders abused their power and erased the wealth of their companies and the savings of private individuals Provides tables, charts, and other figures for supporting documentation
