

Circle Nine

When your whole life has vanished and only one person knows who you are . . . dont you have to believe him? Abby doesnt remember what happened the night she woke up in soot-stained clothes, lying next to a burning building with an unfamiliar boy at her side. But her connection with Sam is immediate and intense. And she has no one else: no family, no home, not even a last name. She and Sam start a new life, just the two of them, and Abbys deliriously happy. Until memories from her past begin to haunt her and suddenly everything shes learned to love turns sinister. Its only a matter of time before her reality cracks apart.
