

Beyond Innocence and Redemption: Confronting the Holocaust and Israeli Power : Creating a Moral Future for the Jewish People

Marc Ellis is a prophetic figure in the long tradition of Jewish activists who confront the conventional convictions of their fellow Jews with the hard truths of God's passion for justice and solidarity with the poor and oppressed. He strives, in this book, to revive the noble modern tradition of political dissent against Israeli state power represented by people like Walter Benjamin, Hannah Arendt, Martin Buber and others.
