

# Diccionario juridico espanol/ingles ingles/espanol: Dahls Law Dictionary: an annotated legal dictionary, including authoritative definitions

This is the 5th edition of an annotated legal dictionary with definitions taken from codes, case law, statutes, legal writing and opinions of attorneys general. It explains Spanish and Latin American law in English and American law in Spanish. This book is intended for anyone interested in the law where Spanish and English converge. Apart from undergoing a general editorial review, the 5th edition has been considerably expanded, both with short and long definitions. Entirely new fields have been included, e.g., aviation law, maritime law, e-commerce law, and the law of security interests.
