

## Chinese Astrology Predictions and Feng Shui for 2012

Do you know which of the twelve animal signs you are? How does this influence your outlook on life and your relationships with others? How does this significantly impact your Feng Shui? Chinese Astrology Predictions and Feng Shui for 2012, is an accessible guide written by renowned Feng Shui expert Marina Lighthouse, creator of one of the western worlds most popular and informative Feng Shui web stores. Did you know that much of Feng Shui is also determined by which Chinese animal you are? As the years change, so do the auspicious and inauspicious directions. These directly affect all animal signs. You will understand your Chinese astrology for 2012, The Year of the Water Dragon, as well as the Feng Shui adjustments needed to enhance your life situation until February 9th, 2013, when the Year of the Snake appears on the horizon. The Chinese zodiac has twelve animal signs, each a different character and significance. Unlike Western astrology, Chinese astrology is based on birth year, not birth month. Each one of the twelve signs attributes--personality, love, money, work and compatibility--is highlighted. If you know your time of birth, you'll also be able to figure out your ascendant sign, which also affects your disposition. Chinese Astrology Predictions and Feng Shui for 2012 is an excellent guide, with charts, recommendations for special charms, Feng Shui adjustments and, in addition, you will be introduced to your astrological protection Buddha. If you've been feeling like certain elements of western astrology are missing in your life, this book is the guide you've been looking for!
