As with all new Vertebrate MTB guidebooks, this new edition features industry-standard Ordnance Survey mapping, and is illustrated with stunning, all-new action photography. Researched, ridden and written by Nick Cotton, author of over 40 mountain biking and cycling guides, each route features clear and easy to use Ordnance Survey 1:50,000 maps, easy-to-follow directions, details of distance, timings and difficulty gradings, and refreshment stops and local knowledge. There is a detailed Appendix that provides essential information on where to eat, drink and sleep.
