

Maritime Terror: Protecting Your Vessel and Your Crew Against Piracy

Piracy remains a very real problem in many areas, and today's pirates are more audacious and violent than ever. This manual offers modern seamen -- from ship captains to yacht owners -- sound advice on thwarting a range of threats, from stowaways to political terrorists. Drawing on naval and SEAL team training, the authors offer guidance on every aspect of maritime defense, from detection to deterrence to specific methods of repelling attackers while minimizing casualties and damage to the vessel.
