

A Year in the Life : The Managers Diary

This is the personal and revealing football diary of the 1994-1995 season of Manchester United's manager, Alex Ferguson. This book offers a behind-the-scenes account of what Ferguson goes through everyday in the football season, what he thinks, eats, breathes and does. As the game lurched from one crisis to another during the 1994-1995 season, Ferguson had his own problems to deal with. The diary reveals the reasoning, thoughts and decisions of United's manager as he and his team battled their way through the Premier League, European Champions League and FA Cup. This book is endorsed by Manchester United.
