

The Supremes Greatest Hits: The 34 Supreme Court Cases That Most Directly Affect Your Life

Can the government seize your house in order to build a shopping mall? Can it determine what you can do to your own body? Why are you allowed to copy songs on a CD, but not music files from the Internet? The answers to those questions come from the Supreme Court and its rulings have shaped American life and justice. Here are 34 of the most significant issues it has grappled with from equal rights to privacy rights, from the limits of speech to the boundaries between church and state. Many of these cases read like thrillers right down to their cliff-hanging endings. Among the most intriguing: the Dred Scott decision, *Miranda v. Arizona*, *Brown v. Board of Education*, *Roe v. Wade*, and *Bush v. Gore*.
