

Agricultural and Food Policy, Fifth Edition

For undergraduate courses in Advanced Agricultural Economics, Agricultural Policy, Food Policy, International Trade Policy, and Environmental and Resource Policy. The fifth edition of this popular text provides timely, comprehensive, highly readable, and authoritative treatment of issues important to food and agriculture today, including broad coverage of current policy issues affecting the food and agriculture industry. Completely revised, this text has reduced complexity and length without sacrificing substance. All dimensions of policy can now be covered in a single semester.
